

- UL Recognized
- Continuous Filament E-Type Glass
- Resists Abrasion, Vibration, And Mechanical Stress
- Easy To Install - Cuts With Scissors
- Stays Flexible In Low Temps

Wall Thickness

Refer to Chart

### Heavy Wall Fiberglass Protects To 1,200°F

The heavy wall (1/32") construction, large available diameters and high expandability of Ultraflex Pro provides a high level of protection and ease of installation when used to insulate pipes and hoses subject to abrasion and vibration.

Ultraflex Pro cuts easily with scissors, and special heat treated construction minimizes fraying and dusting during assembly.

Colors Available:  
Natural (NT)

"...will withstand extreme heat...  
provides the protection needed"
